	11. Toxicological Information		
Toxicological Information:	This mixture has not been subjected to toxicological testing but has been blended from materials with established toxicological bibliographies. In view of the difficulty of using current standard toxicological evaluation techniques to predict potential hazards to susceptible individuals or arising from unforeseeable potentiation, this preparation should be considererd and handled as if it displayed health hazards and consequently treated with all possible precaution.		
Sensitization:	No data available.		
Chronic Toxicological Effects:	Prolonged or repeated ingestion may cause damage to kidneys, liver, lungs, digestive tract.		
Carcinogenicity:	NTP? No IARC Monographs? No OSHA Regulated? No

Revision Date:	03/21/2014	
Additional Information About This Product:	This product contains no added diacetyl as an ingredient. However, because diacetyl can occur in small amounts as an artifact of the production process in other ingredients, "No Added Diacetyl" products may not be "Diacetyl Free", as trace amounts may be present.
